

Name _____

Herbarium or Objects _____

What ingredients or objects do you recognize?

What ingredients or objects you do *not* recognize?

Some of these ingredients and objects are curious, why do you think some ingredients and objects were added or used?

In a moment, you will make an advertisement poster for your herbarium or objects. Use the following space to create a rough draft of the advertisement.

The poster should:

- Have the name of the remedy
- Be colourful and attractive
- Drawings of what would be in the recipe for the remedy.
- Describe what it can cure
- There are sometimes very unsavory items in the recipe, choose whether to feature the ingredient or hide it.

Here is a sample of what you will be given to complete your advertisement
